Mr. James Rogers called about the work you are doing in Washington.

Mr. Meck, who is the director of the group studying foreign affairs for the Hoover Commission, wants to meet with you on Thursday, along with another man who is representing them (Mr. Bundy, Mr. Stimson and Mr. Rogers), in regard to not duplicating work in the field of work you are doing.

If you could see Mr. Meck on Thursday, will you let Mr. Rogers know or if he isn't in Mr. Spang.

Mr. Rogers is going to Washington, but he may call you from there.
